

Dr Chan Sin Fatt
visited the Geotechnical Engineering Office
4 June 2018

Dr CHAN Sin Fatt from the Malaysian Geotechnical Society visited the Geotechnical Engineering Office (GEO) on 4 June 2018. The GEO briefed Dr CHAN on the Hong Kong Slope Safety System, Landslip Prevention and Mitigation Programme, Landslip Warning and Emergency Systems, Geotechnical Control and the GEO's recent research work on natural terrain hazard mitigation measures. There were enthusiastic discussion and Dr CHAN appreciated with the interaction and experience sharing. .
