

何文田斜坡研習徑

Homantin Slope Study Trail

香港常見的斜坡工程導賞團

研習徑會圍繞原為十二號山的何文田一帶，路程約2.5公里，需時約1.5小時。途中設有多個研習點，介紹數個隨著何文田發展而建造或改建的人造斜坡，及當中各類防止山泥傾瀉和斜坡美化措施。

A Tour on Common Slope Works in Hong Kong

The trail is within the Homantin area, formerly known as the No.12 Hill. The trail is around 2.5 km long and it takes around 1.5 hour to complete. There are a number of Study Points in the tour to introduce various man-made slope constructed or modified along the development of Homantin. Various landslide prevention and slope landscaping measures adopted in these slopes are introduced in the tour.
